3. If the Community or South Africa, in applying paragraph 2, amends the arrangements made by this Agreement for agricultural products, it shall make adjustments to be agreed on by the Cooperation Council so as to maintain the concessions on imports originating in the other Party at an equivalent level to that provided for in this Agreement.

Article 21

Article 24

Safeguard clause

1. Where any product is being imported in such increased quantities and under such conditions as to cause or threaten to

cause serious injury to domestic producers of like or directly competitive products in the territory of one of the Contracting Parties, the Community or South Africa, whichever is concerned, may take appropriate measures under the conditions provided for in the WTO Agreement on Safeguards or the Agreement on Agriculture annexed to the Marrakech Agreement establishing the WTO and in accordance with the procedures laid down in Article 26.

2. Where any product is being imported in such increased quantities and under such conditions as to cause or threaten to cause serious deterioration in the economic situation of the European Union's outermost regions, the European Union, after having examined alternative solutions, may exceptionally take surveillance or safeguard measures limited to the region(s) concerned, in accordance with the procedures laid down in Article 26.

1. Notwithstanding the provisions of Article 24, exceptional measures of limited duration which derogate from the provisions of Articles 12 and 15 may be taken by South Africa in the form of an increase or reintroduction of customs duties.

2. These measures may only concern infant industries or sectors facing serious difficulties caused by increased imports originating in the Community as a result of the reduction of duties envisaged under Articles 12 and 15, particularly where these difficulties produce major social problems.

3. Customs duties on imports applicable in South Africa to products originating in the Community introduced by these measures may not exceed the level of the basic duty or the applied MFN rates of duty or 20% *ad valorem*, whichever is the lower, and shall maintain an element of preference for products originating in the Community. The total value of all imports of the products which are subject to these measures may not exceed 10% of total imports of industrial products from the Community during the last year for which statistics are available.

4. These measures shall be applied for a period not exceeding four years. They shall cease to apply at the latest on the expiry of the maximum transitional period of 12 years. These time limits may exceptionally be extended by decision of the Cooperation Council.

5. No such measures can be introduced in respect of a product if more than three years have elapsed since the

elimination of all duties and quantitative restrictions or charges or measures having an equivalent effect concerning that product.

6. South Africa shall notify the Cooperation Council of the exceptional measures it intends to take and, at the request of the Community, consultations shall be held on such measures before they are applied in order to reach a satisfactory solution. Its notification shall include an indicative schedule for the introduction and subsequent elimination of the customs duties to be imposed.

7. If no agreement on the proposed measures referred to in paragraph 6 has been reached within 30 days of such notification, South Africa may take the appropriate measures to remedy the problem and shall provide the Cooperation Council with the definite schedule for the elimination of the customs duties introduced under this Article. This schedule shall provide for a phasing out of these duties at equal annual rates starting at the latest one year after their introduction. The Cooperation Council may decide on a different schedule.

Article 26

Safeguard procedures

1. In the event of the Community or South Africa initiating a surveillance mechanism in respect of difficulties referred to in Article 24 which has as its purpose the rapid provision of information on the trend of trade flows, it shall inform the other Party thereof and, if requested, enter into consultations with it.

2. In the cases specified in Article 24, before taking the measure provided for therein or, in cases to which subparagraph 5(b) of this Article apply, the Community or South Africa, as the case may be, shall as soon as possible supply the Cooperation Council with all relevant information, with the view to seeking a solution acceptable to both Parties.

3. In the selection of measures, priority must be given to those which least disturb the functioning of this Agreement and they shall be limited to the extent necessary to prevent or remedy serious injury and to facilitate adjustment.

4. The safeguard measures shall be notified immediately to the Cooperation Council and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances permit.

5. For the implementation of the previous paragraphs the following provisions shall apply.

(a) As regards Article 24, difficulties arising from the situation referred to in that Article shall be referred for examination to the Cooperation Council, which may take any decision needed to put an end to such difficulties. If the Cooperation Council or the exporting Party has not taken a decision putting an end to the difficulties or no other

satisfactory solution has been reached within 30 days of the matter being so referred, the importing Party may adopt appropriate measures to remedy the problem. Such measures should be taken for a period not exceeding three years and shall contain elements which would degressively lead to their elimination at the end of the set period, at the latest.

- (b) Where exceptional circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Community or South Africa, whichever is concerned, may, in the situations specified in Article 24, apply forthwith the precautionary measures necessary to deal with the situation and shall inform the other Party immediately thereof.

Article 27

Exceptions

The Agreement shall not preclude prohibitions or restrictions on imports, exports, goods in transit or trade in used goods justified on grounds of public morality, public policy or public security; the protection of health and life of humans, animals or plants; the protection of national treasures possessing artistic, historic or archaeological value; or the protection of intellectual, industrial and commercial property or rules relating to gold and silver. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary or unjustifiable discrimination where the same conditions prevail or a disguised restriction on trade between the Parties.

ANNEX I

REPUBLIC OF SOUTH AFRICA

LIST OF AGREED DEROGATIONS TO STANDSTILL AND ROLLBACK

Introduction

The Community and the Republic of South Africa agree that any increase of the applied most favoured nation (MFN) tariff or any other trade restrictive or distorting measures taken after 1 July 1996 will be eliminated *vis-à-vis* the other side at the latest the day of entry into force of the Agreement.

At the request of the South African side and bearing in mind the particular nature of the Republic of South Africa's economic transformation and the specific stage of adaptation of its tariff system within the framework of its WTO obligations, the Community has agreed to consider, on an exceptional basis, specific requests for derogations to rollback.

As a result of this process, both sides agree that for the purpose of implementation of Article 7 of this Agreement, the tariff levels listed below will replace the tariffs effectively applied as of 1 July 1996 as the standstill reference for the products mentioned in this Annex.

ANNEX X

EXCHANGE OF LETTERS IN RELATION TO THE WINES AND SPIRITS AGREEMENT BETWEEN THE EUROPEAN COMMUNITY AND THE REPUBLIC OF SOUTH AFRICA

A. Letter from the Community

Sir,

I refer to the Agreement on Trade, Development and Cooperation signed today and confirm our agreement with the elements of a commitment between the European Community and the Republic of South Africa on port and sherry that you attached to this letter.

The commitments between the European Community and the Republic of South Africa on port and sherry will be worked out in further detail in the context of a Wines and Spirits Agreement which will be concluded as soon as possible and no later than September 1999.

I would be obliged if you could confirm the agreement of the Republic of South Africa with the content of this letter and its attachment.

Please accept, Sir, the assurance of my highest consideration.

On behalf of the European Community

Attachment

1. The Republic of South Africa reconfirms that the names 'port' and 'sherry' are not and will not be used for its exports to the European Community.
2. The Republic of South Africa will phase out the use of the 'port' and 'sherry' names on all export markets within 5 years, except in the case on non-SACU SADC countries, where an 8 year phase-out period would apply.
3. For the purpose of the Wines and Spirits Agreement, the South African domestic market is defined to cover SACU (South Africa, Botswana, Lesotho, Namibia and Swaziland).
4. South African products may be marketed as 'port' and 'sherry' on the South African domestic market during a 12 year transitional period. Beyond that period the new denominations of these products which shall be used on the South African domestic market will be jointly agreed between the Republic of South Africa and the European Community.
5. From entry into force of the Agreement, the European Community will provide a duty free quota for wines covering the current level of trade of 32 million litres of South African exports to the European Community, with allowance for the future growth of this quota.
6. As an additional effort to the main objectives agreed for the development programme for the Republic of South Africa to be funded by the European Community, the European Community will provide assistance of EUR 15 million for the restructuring of the South African wines and spirits sector and for the marketing and distribution of South African wines and spirits products. Such assistance will commence at the entry into force of the Wines and Spirits Agreement.
7. A Wines and Spirits Agreement between South Africa and the European Community will be concluded as soon as possible and no later than in September 1999, in order to ensure that the entry into force of the Wines and Spirits Agreement will take place before or in January 2000.

Article 3

- new means or methods employed in carrying out operations in breach of customs legislation,
- goods known to be subject to operations in breach of customs legislation,
- natural or legal persons in respect of whom there are reasonable grounds for believing that they are or have been involved in operations in breach of customs legislation,
- means of transport in respect of which there are reasonable grounds for believing that they have been, are, or may be used in operations in breach of customs legislation.

*Article 5***Delivery, notification**

At the request of the applicant authority, the requested authority shall, in accordance with legal or regulatory provisions applicable to the latter, take all necessary measures in order:

- to deliver any documents, or
- to notify any decisions,

emanating from the applicant authority and falling within the scope of this Protocol, to an addressee residing or established in the territory of the requested authority.

Requests for delivery of documents or notification of decisions shall be made in writing in an official language of the requested authority or in a language acceptable to that authority.

*Article 6***Form and substance of requests for assistance**

1. Requests pursuant to this Protocol shall be made in writing. They shall be accompanied by the documents

necessary to enable compliance with the request. When required because of the urgency of the situation, oral requests may be accepted, but must be confirmed in writing immediately.

2. Requests pursuant to paragraph 1 shall include the following information:

- (a) the applicant authority;
- (b) the measure requested;
- (c) the object of and the reason for the request;
- (d) the legal or regulatory provisions and other legal elements involved;
- (e) indications as exact and comprehensive as possible on the natural or legal persons who are the target of the investigations;
- (f) a summary of the relevant facts and of the enquiries already carried out.

3. Requests shall be submitted in an official language of the requested authority or in a language acceptable to that authority. This requirement shall not apply to any documents that accompany the request under paragraph 1.

4. If a request does not meet the formal requirements set out above, its correction or completion may be requested; in the mean time precautionary measures may be ordered.

*Article 7***Execution of requests**

1. In order to comply with a request for assistance, the requested authority shall proceed, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Contracting Party, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This provision shall also apply to any other authority to which the request has been addressed by the requested authority when the latter cannot act on its own.

2. Requests for assistance shall be executed in accordance with the legal or regulatory provisions of the requested Contracting Party.

3. Duly authorised officials of a Contracting Party may, with the agreement of the other Contracting Party involved and subject to the conditions laid down by the latter, be present to obtain in the offices of the requested authority or any other concerned authority in accordance with paragraph 1, information relating to activities that are or may be operations in breach of customs legislation which the applicant authority needs for the purposes of this Protocol.

4. Duly authorised officials of a Contracting Party may, with the agreement of the other Contracting Party involved and subject to the conditions laid down by the latter, be present at enquiries carried out in the latter's territory.

Article 8

Form in which information is to be communicated

1. The requested authority shall communicate results of enquiries to the applicant authority in writing together with relevant documents, certified copies or other items.

2. This information may be in computerised form.

3. Original documents shall be transmitted only on request in cases where certified copies would be insufficient. These originals shall be returned at the earliest opportunity.

Article 9

Exceptions to the obligation to provide assistance

1. Assistance may be refused or may be subject to the satisfaction of certain conditions or requirements, in cases where a Party is of the opinion that assistance under this Protocol would:

- (a) be likely to prejudice the sovereignty of South Africa or that of a Member State which has been requested to provide assistance under this Protocol; or
- (b) be likely to prejudice public policy, security or other essential interests, in particular in the cases referred to under Article 10(2); or
- (c) violate an industrial, commercial or professional secret.

2. Assistance may be postponed by the requested authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the

requested authority shall consult with the applicant authority to determine if assistance can be given subject to such terms or conditions as the requested authority may require.

3. Where the applicant authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.

4. For the cases referred to in paragraphs 1 and 2, the decision of the requested authority and the reasons therefor must be communicated to the applicant authority without delay.

Article 10

Information exchange and confidentiality

1. Any information communicated in whatsoever form pursuant to this Protocol shall be of a confidential or restricted nature, depending on the rules applicable by each of the Contracting Parties. It shall be covered by the obligation of official secrecy and shall enjoy the protection extended to similar information under the relevant laws of the Contracting Party that received it and the corresponding provisions applying to the Community authorities.

2. Personal data may be exchanged only where the Contracting Party which may receive them undertakes to protect such data in at least an equivalent way to the one applicable to that particular case in the Contracting Party that may supply them. To that end, Contracting Parties shall communicate to each other information on their applicable rules, including, where appropriate, legal provisions in force in the Member States of the Community.

3. The use, in judicial or administrative proceedings instituted in respect of operations in breach of customs legislation, of information obtained under this Protocol, is considered to be for the purposes of this Protocol. Therefore, the Contracting Parties may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Protocol. The competent authority which supplied that information or gave access to those documents shall be notified of such use.

4. Information obtained shall be used solely for the purposes of this Protocol. Where one of the Contracting Parties wishes to use such information for other purposes, it shall obtain the prior written consent of the authority which provided the information. Such use shall then be subject to any restrictions laid down by that authority.

*Article 11***Experts and witnesses**

An official of a requested authority may be authorised to appear, within the limitations of the authorisation granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Protocol, and produce such objects, documents or certified copies thereof, as may be needed for the proceedings. The request for appearance must indicate specifically before which judicial or administrative authority the official will have to appear, on what matters and by virtue of what title or qualification the official will be questioned.

*Article 12***Assistance expenses**

The Contracting Parties shall waive all claims on each other for the reimbursement of expenses incurred pursuant to this Protocol, except, as appropriate, for expenses to experts and witnesses, and those to interpreters and translators who are not public service employees.

*Article 13***Implementation**

1. The implementation of this Protocol shall be entrusted on the one hand to the customs authorities of South Africa and on the other hand to the competent services of the Commission of the European Communities and the customs authorities of the Member States as appropriate. They shall decide on all practical measures and arrangements necessary for its application, taking into consideration the rules in force in particular in the field of data protection. They may recommend to the competent bodies amendments which they consider should be made to this Protocol.

2. The Contracting Parties shall consult each other and subsequently keep each other informed of the detailed rules of implementation which are adopted in accordance with the provisions of this Protocol.

*Article 14***Other agreements**

1. Taking into account the respective competencies of the European Community and the Member States, the provisions of this Protocol shall:

- not affect the obligations of the Contracting Parties under any other international agreement or convention,
- be deemed complementary to agreements on mutual assistance which have been or may be concluded between individual Member States and South Africa,
- not affect the Community provisions governing the communication between the competent services of the Commission of the European Communities and the customs authorities of the Member States of any information obtained under this Protocol which could be of interest to the Community.

2. Notwithstanding the provisions of paragraph 1, the provisions of this Protocol shall take precedence over the provisions of any bilateral agreement on mutual assistance which has been or may be concluded between individual Member States and South Africa in so far as the provisions of the latter are incompatible with those of this Protocol.

3. In respect of questions relating to the applicability of this Protocol, the Contracting Parties shall consult each other to resolve the matter in the framework of the Cooperation Council set up under Article 97 of this Agreement.

Joint Declaration in relation to non-execution

The Parties agree that the violation of the essential elements of the agreement referred to at Article 3(3) of this Agreement shall only consist of a grave violation of democratic principles or fundamental human rights or the serious interruption of the rule of law, creating an environment not conducive for consultations or where a delay would be detrimental to the objectives or interests of the Parties to this Agreement.

The Parties also agree that the appropriate measures referred to at Article 3(1), (3) and (5) of this Agreement must be proportional to the violation. In the selection and implementation of these measures, the Parties will pay particular attention to the circumstances of the most vulnerable groups of the population and will ensure that they are not unduly penalised.

Joint Declaration in relation to export refunds

1. In drawing up the trade components of the Agreement, the Parties have examined on a case-by-case basis, the potential impact of export refund mechanisms on the process of trade liberalisation.
 2. The Community states for its part that further examination of the future export refunds in connection with trade with South Africa will take place when the present discussions on agricultural reform have been completed.
-

Joint Declaration in relation to accelerated tariff elimination by South Africa

The Parties agree to anticipate the application of the procedures provided in Article 17 of this Agreement during the interim period before the entry into force of the Agreement in order to allow the possible application of an accelerated timetable for tariff elimination and elimination of export refunds on the date of entry into force of the Agreement.

Joint Declaration on agricultural quotas

1. The annual growth factors set out in Annex IV, list 6 and Annex VI, lists 3 and 4 of this Agreement will be periodically examined and reconfirmed starting no later than five years after entry into force of the Agreement.
 2. Concerning in particular prepared fruits (peaches, pears and apricots), South Africa agrees to manage its exports to the Community in a balanced way.
-

Joint Declaration in relation to public aid

The Parties agree that the South African economy and its interaction with the economies in the Southern African Development Community are undergoing a substantial restructuring that will be facilitated by the Government of South Africa.

Joint Declaration in relation to fisheries

The Parties will make their best endeavours to negotiate and conclude the Fisheries Agreement referred to in Article 62 of this Agreement no later than the end of the year 2000.

Joint Declaration in relation to bilateral agreements

Notwithstanding any implication to the contrary in this Agreement, any such rights of one or more Member States of the European Union contained in such existing agreements shall not be construed to have been extended to the other Member States.

Joint Declaration in relation to illegal immigration

The Parties, recognising the importance of cooperating together for the prevention and control of illegal immigration, declare their readiness to pursue these issues in exchanges within the framework of the Cooperation Council with a view to seeking solutions to problems which might arise in this sector.

Community declaration in relation to the essential element

In the context of a political and institutional environment respectful of human rights, democratic principles and the rule of law, the Community considers good governance as meaning the transparent and accountable management of all a country's human, natural, and internal and external economic and financial resources for the purposes of equitable and sustainable development.

Community declaration in relation to financial aspects of cooperation

In the past a special financial facility was established as the European programme for reconstruction and development (EPRD), under Council Regulation (EC) No 2259/96. The Community earmarked about ECU 500 million for this facility over the period 1996 to 1999 in support of the policies of the Government of South Africa and agreements were signed on this basis. This amount covers four annual appropriations, which are subject to approval by the Community budget authority. The Community declares its willingness to maintain its financial cooperation with South Africa at a substantial level, and will take the necessary decisions in this respect on the basis of a proposal by the Commission.

Other appropriate financial instruments (e.g. in the framework of the EC/ACP Cooperation Agreement) could be made available after this Agreement has entered into force. In this context, the Community would be willing to consider the possibility of channelling part of its future assistance, in a targeted manner (e.g. emerging entrepreneurs), in the form of risk capital or of interest rates subsidies on European Investment Bank (EIB) own-resources lending.

Declaration by the European Investment Bank (EIB) in relation to financial aspects of cooperation

As set out in the Framework Agreement signed between South Africa and the EIB on 12 September 1995, the EIB was authorised by its Board of Governors on 19 June 1995 to make loans up to a total of ECU 300 million on the Bank's own resources in South Africa over the two-year period from 19 June 1995 to 19 June 1997. Under a second authorisation by the Bank's Board of Governors on 12 June 1997 and a supplementary Framework Agreement signed between South Africa and the EIB on 6 March 1998, a further ECU 375 million has been authorised for the period June 1997 to December 1999.

The Article refers to the possible extension of these activities of the Bank at the end of this period.

Within its mandate, the EIB would be willing to consider loans to South African borrowers for projects in South Africa, and, on a case by case basis, for projects in the SADC region.

Declaration by South Africa in relation to the essential element

Good governance is understood on the South African side as compliance with the South African Constitution (Act 108 of 1996), in particular the provisions related to the transparent, equitable and accountable management of her human, natural, economic and financial resources for the purpose of economic growth and sustainable development.

Declaration by South Africa in relation to sanitary and phytosanitary measures

The South African Government wishes to stress that the smooth and efficient functioning of the mechanism for the implementation of sanitary and phytosanitary measures is vital for the successful and effective implementation of this Agreement. In this regard, South Africa urges the Community to treat South Africa, as preferred trade partner, as a priority country in its sanitary and phytosanitary dealings.

Declaration by South Africa in relation to financial aspects of cooperation

The South African Government anticipates that the present level of financial cooperation with respect to funding beyond 1999 shall be at least maintained at the same levels.

AGREED MINUTES

The Contracting Parties agreed that:

Ad Article 4

a regular political dialogue between the Parties shall commence at the moment that the provisional application of this Agreement enters into effect.
