**DEPARTMENT OF TRADE AND INDUSTRY  
NOTICE 305 OF 2020****INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF SOUTH AFRICA****NOTICE OF EXPIRATION OF VAT CERTIFICATE ISSUED IN TERMS OF  
SCHEDULE 1(8) OF THE VALUE ADDED TAX ACT, 89 OF 1991, ITEM  
412.11/00.00/01.00**

This notice serves to advise interested parties that the global Value Added Tax ("VAT") Certificate ("the VAT Certificate") issued by the International Trade Administration Commission of South Africa ("ITAC") on 8 April 2020 in terms of Schedule 1(8) of the Value Added Tax Act, 89 of 1991, Item No. 412.11/00.00/01.00 ("Rebate Item 412.11") will expire at midnight on Friday, 5 June 2020.

**BACKGROUND**

1. On 15 March 2020, the Minister of Cooperative Governance and Traditional Affairs, Dr Nkosazana Dlamini Zuma ("the Minister"), declared a national state of disaster in terms of Section 27(2) of the Disaster Management Act, 57 of 2002 ("the Act"). (See Government Gazette Notice No. 43096 of 15 March 2020).
2. Having declared a national state of disaster, the Minister promulgated regulations in terms of section 27(2) of the Act. In the Regulations published on 25 March 2020 in Government Gazette No. 43148, the Minister set forth a list of essential goods ("essential goods"). The essential goods were contained in Annexure B, paragraph A (*Categorisation of Essential Goods and Services during Lockdown*) of said Regulations.
3. Rebate Item 412.11 provides for the relief of distress of persons caused by, amongst others, a national disaster, such as the Covid-19 pandemic. The relief provided under Rebate Item 412.11 is an exemption of VAT at the time of importation (clearance).
4. To operationalise Rebate Item 412.11 and afford an exemption of VAT for imports of essential goods, the South African Revenue Service requested ITAC to issue the VAT certificate.
5. ITAC issued the VAT Certificate, which came into effect on 8 April 2020. The VAT Certificate provides that it may be amended from time to time.

## DISCUSSION

6. To date, SARS has recorded significant imports of essential goods benefitting from an exemption of VAT under the VAT Certificate. With the advent of Alert Level 3, the domestic economy will see increased activity, including production of essential goods.
7. Additionally, there is no indication, based on information available to ITAC, that the continued incentivising of imports through an exemption of VAT is necessary.
8. On a policy level, although the benefit afforded imports through the exemption of VAT at the time of importation is small, imports and domestic production of essential goods should be competing on a level playing field.
9. The VAT Certificate provided that it may be amended from time to time. Pursuant to this Notice, the validity period of the VAT Certificate is being amended, which period is set forth in a new certificate being issued herewith.
10. In light of the foregoing consideration, ITAC is issuing a new VAT certificate, which will remain in effect up to and including Friday, 5 June 2020. As a result, imports of essential goods will no longer benefit from an exemption of VAT after that date.
