- c) The client must insert the specific abbreviation in the duty tax type field on the import/amended CCD for a PP and insert the PP amount (SC-CF-04).
- d) No PPs must be accepted pending the production of general import permits, EUR1 certificates, etc. PPs may only be accepted pending the production of permits required under the provisions of other Acts or organisations if written evidence is received from these organisations that a valid permit is in existence and a facsimile copy of such permit is forwarded to the Controller/Branch Manager. (E.g. permit issued by the Commissioner of SA Police Service governing the importation of dangerous weapons, or goods subject to release by the Plant Inspector.) These PPs should not be less than R 5000.
- e) PPs must always indicate a specified time period and conditions that must be met.
- f) A client can lodge a PP as prescribed with an import CCD for processing, when, for example:
 - i) Temporary imports under Schedule 4 - the reason for lodging such PP will be to cover duties and Value-Added Tax (VAT) pending proof of export.

 - iii) Provisional declaration – where goods are imported and at the time the importer is not able to declare the correct tariff heading or value for Customs duty purpose due to a dispute and “on consignment goods” where the value is not known at time of importation. The importer is then requested to lodge a PP to cover the additional duties and taxes that may be applicable as a result of the dispute.
 - iv) In cases of “possible underpayments” in duty on CCDs, clients are not required to sign the application in terms of Section 91 portion of a PP. An example of this would be where a local tariff determination is not accepted by the importer, the matter would be referred to Head Office

for tariff determination on a DA 314 and a PP would be lodged to cover the possible duties and taxes which may become payable.

 - iii) Exports.
- c) The PP (hard copy) must be submitted at the SARS office closest to the client's business premises and must be completed by an Officer and signed by a client or completed by a client.
- d) The **client** must complete the prescribed form and ensure all fields are completed in accordance with the completion manual (SC-CF-32) before submitting it to the Branch Office.
- e) When receiving the PP, the Branch Officer will check that it is properly completed, signed and verifies the period and amount for compliance.
- f) The client must also ensure that PPs are correctly completed; a copy of the inspection report or a copy of the official letter to the client is produced and attached to the PP.
- g) If any mistakes are found with the completion of the PP, the PP will be rejected and the reason for rejection will be written on the back of the PP (this would be the fold over the bottom right hand corner of the form). The Officer rejecting the PP will print his/her name and provide a contact number for any queries relating to the rejection. (SC-CF-32)
- h) The PP is handed back to the client, or placed in the client's box.
- i) If correct, the Enquiry Officer will sign the PP in the field "for official use only" and complete the internal process.
- j) The first copy of the PP and a copy of the CEB01 which reflects the case number and PRN is handed to the client, alternatively the documents are placed in the client's box as notification that payment should be made.
- k) The client must use the payment reference number (PRN) on the CEB01 to make payment. Refer to paragraph 2.4.
- l) The case number is the unique PP number which must be used for liquidation purposes.
