# TRADE CLASSIFICATION CODES HANDELSKLASSIFIKASIEKODES

## USER GUIDE GEBRUIKERS GIDS

This classification table will enable you to complete the trade classification codes on your "Application for Registration" form VAT or EMP 101.

Hierdie klassifikasie tabel sal u in staat stel om die handelsklassifikasie kode op u "Aansoek om Registrasie" vorm BTW of EMP 101 te voltooi.

Each of the 34 major divisions or groups are identified by a two digit code, from which a code applicable to your enterprise/business should be selected and inserted in the applicable block.

Elk van die 34 hoofindelings of groepe word geïdentifiseer deur 'n twee-karakter kode. Die toepaslike kode vir u onderneming/besigheid moet in die toepaslike blok ingevul word.

FOR EXAMPLE, the code for:-

BYVOORBEELD, die kode vir:-

### Primary Industries

### Primêre Industrieë

|   |    |
|---|----|
| Mining and quarrying<br>Mynwese en steengroefwerk | 02 |
|---|----|

Each division is further divided into activities and each activity is identified by a four digit code.

Elke indeling is verder verdeel in aktiwiteite en elke aktiwiteit is geïdentifiseer deur 'n vier-karakter kode.

### The activity code within major division for

### Die aktiwiteit binne hoofindeling vir

|                 |      |
|-----------------|------|
| Copper<br>Koper | 0225 |
|-----------------|------|

The first two digits of this code correspond with the digits used for coding the major division.

Die eerste karakters van hierdie kode stem ooreen met die karakters wat gebruik is om die hoofindeling te kodeer.

Should you be required to complete the "Application for Separate Registration of an Enterprise/Business/Branch/Division" (Form VAT or EMP102) the same procedure must be followed in respect of such application.

Indien u die "Aansoek om Afsonderlike Registrasie van Onderneming/Besigheid/Tak Afdeling" (Vorm BTW of EMP 102) moet invul, moet dieselfde prosedure gevolg word vir enige sodanige aansoek.
